LOT SELLING PRICE - PLEASE CHOSE ONE BELOW

____ **NO RESERVE** with a minimum starting bid of \$ _____ per embryo. The seller has no protected price and will sell the lot to the highest bidder at or above the initial or minimum starting bid. If a minimum starting bid is not received at the auction the lot will be a NO SALE.

____ **RESERVE BID** with a protected price of \$ _____ per embryo the seller has established the above protected or reserve price for this lot. If the bid reaches the protected price the lot is sold to the highest bidder at or above that price. If the bid is below the stated protected price the auctioneer will bid on behalf of the seller and buy the lot back below the reserve price. Commission will be paid on the highest bid. If possible the seller may lower the protected price. The protected price cannot be raised. Contact Kevin if you have questions. 419.566.1599.
